

Quilt-Pro 6 - Using the Alternate Block Setting

For this lesson we will be making a quilt with two alternating blocks. Quilts with Alternating blocks resemble a checkerboard pattern.

If, when you open Quilt-Pro you see the "What Would You Like To Do" screen, choose "Create a new quilt" from the top of the screen.

Then click **Continue**.

Go to the next page in this lesson.

If instead of the "What Would You Like To Do" screen, you see the work area to the right:

Click the **Quilt Wizard** button on the **Ribbon Bar**. It is the button that is second from the left and shown circled in the image.

Or

You may click the **Quilt** menu and choose Quilt Wizard.

Quilt-Pro 6 - Using the Alternate Block Setting

In the **Layout** tab:

Layout Type section select the

Straight blocks option

In the **Block Placement** option, select the

Alternate blocks option.

Now click the **Size** tab,

In the **Size** tab:

In the **Block Counts** section:

Set the Blocks **Across** = 7

Set the Blocks **Down** = 7

In the **Block Sizes** section:

Set the block **Width** and **Height** = 6"

Then click the **Finish** button

Tip: The **Alternate** setting works best with an odd number of blocks. 3,5,7, 9 etc..

Quilt-Pro 6 - Using the Alternate Block Setting

Now we will add two different blocks to the quilt.

Click on **Block Library** button on the floating toolbar. (circled in the image)

Scroll down and select and open the **Classic Stars** block folder.

Find and click once to select the 54-40 or Fight #5 block. Do not press and hold the block; simply click once to select it.

Instead, move your mouse cursor over to the top left corner of the quilt layout and click once. (click where you see the **red X** in the image)

You will see the block fill in every other space in the quilt, as it did in the image to the right.

Now go back to the **Block Library** to add another block. Scroll down in the same block folder until you see the block named **Ohio Star #6**. Do not press and hold the block; simply click once to select it.

Move your mouse cursor over to an empty space in the quilt layout and click once. (click where you see the **red X** in the image)

You will see the block fill in every other space in the quilt, as it did in the image to the right.

That's it, your **Alternate** quilt is complete.

Color as desired and save.
